Neighborhood Stabilization Program

**Affordable Homes
Strengthening
Communities**

What is the NSP?

The U.S. Department of Housing and Urban Development (HUD) created the new Neighborhood Stabilization Program (NSP) to provide assistance for the acquisition and redevelopment of foreclosed properties that might otherwise become sources of abandonment and blight within their communities.

The NSP provides grants to every state and certain local communities to purchase foreclosed or abandoned homes, and to rehabilitate, resell or redevelop these homes in order to stabilize neighborhoods and stem the decline of house values of neighboring homes.

For the State of Delaware NSP, HUD provided \$19.6 million to Delaware State Housing Authority (DSHA). DSHA, in turn, has allocated funds from the \$19.6 million to local jurisdictions through a competitive process based on need and on each applicant's proposed impact statewide.

The following jurisdictions (sub-grantees) have been awarded funds:

- New Castle County
- Kent County
- Sussex County
- City of Wilmington
- City of Dover

Each sub-grantee has designed its own NSP model, providing opportunities customized to their jurisdictions.

How Do I Participate?

Contact Your Local Housing Counseling Agency.

Each household wishing to purchase a home through the NSP will successfully complete at least eight hours of HUD-certified housing counseling sessions. This will ensure that they are mortgage ready and understand the risks, responsibilities and rewards of homeownership.
