

Program Highlights

If you find that your current housing is not the right fit for you, the *Affordable and Accessible Apartment Locator* may be just what you need! You can search by county, zip code, or city; or by the number of bedrooms you need, whether you want senior or family housing, or need accessible features.

A key element of the locator is that it enables you to search by particular accessible features. Each accessible feature offers a pop-out information box that describes the feature. Pictures are provided when necessary for further explanation.

The Affordable & Accessible Apartment Locator also provides the option to download helpful worksheets for your move, such as a moving checklist, a link to school district locations (New Castle County only), a monthly budget sheet, and vital information on landlord and tenant laws in Delaware.

To access the Apartment Locator:

1. Go to www.destatehousing.com
2. Under 'Renters' on the menu bar, click "Affordable and Accessible Apartment Locator."

Select the criteria that meet your needs by checking all boxes that apply. After you have done this, click the 'Submit' button at the bottom and you will be instantly connected with your results.

Sort through your search results to find the housing that best fits your needs. Obtain property and contact information from the search results page by calling those sites that meet your needs.

Accessible Features

Here is a list of features that help to make a rental unit accessible to persons with disabilities:

- ◆ Counters are open below
- ◆ 34" counter height
- ◆ Front knobs on stoves
- ◆ Wide doorways and turn space for wheelchair
- ◆ Bathroom grab bars and rails
- ◆ No cabinets under sinks
- ◆ Levered Hardware
- ◆ Accessible storage space in unit
- ◆ Accessible building entrance and community spaces

Apartments are considered "accessible" whether they offer a few or many accessibility features. A unit meeting the designation "Fully ADA Compliant" has all of the above features, and more.

**Affordable & Accessible
Apartment Locator**

The *Affordable and Accessible Apartment Locator* offers a clear-cut method to find the right rental housing for you in Delaware!

Search results include a property photo, location, contact information, number of units, and accessibility features for more than 200 rental housing sites.

There is even a pop-out window with income limits and a map link that redirects you to MapQuest, where the exact location of the site is mapped out for you.

Check inside this brochure for more details.

If you need to search for an affordable rental apartment in Delaware, but do not have convenient access to the internet, please call DSHA for a copy of the Delaware Affordable Housing Services Directory
