

NOTICE TO HOUSING DEVELOPMENT FUND APPLICATIONS

Please be careful completing all questions in this application, because incomplete or inaccurate applications will be rejected. Particular attention should be paid to applications where the Sponsor is also submitting a Low Income Housing Tax Credit (LIHTC) application since a nonconforming Housing Development Fund (HDF) application will automatically cause the LIHTC application also to be rejected, unless an alternate funding source is successfully substituted with a firm commitment. HDF applications which are rejected as nonconforming may not be resubmitted to the HDF for funding and still be part of the Tax Credit application process.

All information should be accurate and as complete as possible, with supporting documentation. Delaware State Housing Authority staff will be available to answer questions on the application prior to submission.
